

Stakeholder Analysis

MIT ACT — Crennotech Group Project (Smart Document Scan AI) · Week 1 · 24 July 2026

Stakeholder Register

Stakeholder	Role	Needs	Interest	Influence	Comms / evidence
Kiran Vilasagaram (CEO, Crennotech)	Sponsor / mentor	Solution matches brief	High	High	Weekly meeting
CleanTasker operations staff	End users	Fast, accurate SOW import	High	Low	Via mentor
Cleaning company customers	SOW source	Their format understood	Medium	Low	Sample SOWs
Unit supervisor (Dr Ashraf Uddin)	Assessor	Evidence vs rubric	High	High	Teams Classroom
Readygrad coordinator	Facilitator	Program timelines met	Medium	Medium	Email
Student project team	Delivery team	Manageable scope	Medium	High	Jira / Teams

Power–Interest Matrix

	High interest	Low interest
High power	Manage closely: Kiran Vilasagaram, unit supervisor	Keep satisfied: Readygrad coordinator
Low power	Keep informed: CleanTasker staff, student team	Monitor: Cleaning company customers

Engagement Strategy (in simple terms)

- Kiran (mentor) & unit supervisor — talk to them every week and get their approval on our work.
- Readygrad coordinator — just send a short email update at big milestones.
- CleanTasker staff & our own team — keep them updated during design reviews, no formal approval needed.
- Cleaning company customers & future teams — no action needed, just keep an eye on things.
